

Tiny Home Construction Volunteer

Habitat Halton-Mississauga-Dufferin’s “Tiny Home Build Pilot Program” is a unique, innovative, educational and impactful program that launched in 2021. This initiative combines hands-on building experience for youth exploring construction and skilled trades with bringing community and corporate partners together in a united effort to make an impact for families and communities in need.

PLEASE REVIEW CAREFULLY TO ENSURE YOU ARE CLICKING THE RIGHT GENERAL INTEREST FOR YOUR SKILLSET

This Volunteer Position Involves:

- Hands-on labour as per the project timetable. All of the site work will be finishing work including but not limited to painting, flooring, tiling, trim, cabinetry, and hanging doors.
- Requires some physical strength to perform tasks as assigned
- Able to take direction as required and seek out guidance on projects.
- Perform assigned duties on-site as instructed by the Crew Leader
- Work in collaboration with fellow Crew Members and affiliate staff.
- Maintain a clean and orderly work site at all times.
- Ensure safety on-site at all times.
- Contribute to a positive and rewarding work environment for all.

Time Commitment: Full-day commitment. 6 hours a day minimum

Hours of Operation: Monday to Friday: 8:30 am- 4:30 pm (NO EVENING/WEEKEND AVAILABILITY)
